- GPA: 3.82 / 4.00

- Honors: Dean's List (4x), Invitation to Excellence (Scholarship Program), Janet A. Rhine's Scholarship in Economics

Waco, Texas

May 2026

WORK EXPERIENCE

KPMG

Incoming Strategy Technology M&A Associate

Chicago, Illinois

August 2026

Dell Technologies

Summer Financial Analyst

Round Rock, Texas

June 2025 – August 2025

- Analyzed 30+ server deals worth over \$10m in revenue for Dell's Infrastructure Solutions Pricing Group, pricing GPU and CPU SKUs and building a standardized storage pricing tool to improve deal profitability and margins.
- Developed VBA macros to automate P&L statement generation and the standardization of financial reporting processes, cutting processing time by 2 hours per week and improving the consistency of deal analysis.

Baylor Angel Network

Early-Stage Venture Analyst

Waco, Texas

September 2024 – Present

- Performing due diligence, building financial models, and conducting market research for early-stage companies, to assess investment potential for 140+ angel investors with over a \$60m investment portfolio.
- Evaluated capital structures including SAFE notes, equity, and convertible debt for startups across the MedTech, Consumer Packaged Goods, and AI SaaS sectors with \$10m+ valuations seeking funding between \$1m-\$4m.

Southwest Solutions Group

IT Implementations Intern

Dallas, Texas

May 2024 – August 2024

- Built out dynamic tables and graphs with SQL for a \$1m paper scanning project by collaborating with IT professionals displaying day-to-day worker productivity, improving data management and project efficiency.
- Traveled to 6 client sites to troubleshoot technical issues with storage systems, improving system efficiency and uptime, having installed and configured 10+ software solutions to enhance overall IT performance.

Stella Mattina

Revenue Cycle Management Intern

Dallas, Texas

June 2023 – August 2023

- Managed medical billing systems for a healthcare acquisition holding company, tracking insurance payments and revenue cycle pricing across 12 OB/GYN practices across the Dallas-Fort Worth Metroplex.
- Assisted in the acquisition of an OB/GYN family office by digitizing 300+ patient files and conducting market research to adjust procedure pricing in line with regional benchmarks to improve firm financial performance.

LEADERSHIP

Bearly Used Sustainability Initiative – Co-Founder

September 2024 – Present

- Founded Baylor's first coordinated move-out donation program, leading 23 volunteers to divert 50,000+ pounds of items (estimated \$200k+) from landfills to 11 non-profit organizations, solving a major sustainability challenge.
- Designed and implemented an operational framework across 16 residence halls, collaborating with campus sustainability departments to streamline collection, sorting, and transportation to maximize efficiency and scalability.

The Consulting Group at Baylor – Director of Recruitment

August 2023 – Present

- Recruited 39 new students by conducting targeted outreach, hosting two information sessions and three foundation series sessions to introduce new members to core consulting principles, frameworks, and career pathways.
- Advised a cold plunge tub startup supplying NFL teams, on developing a recurring revenue model; created a subscription pricing strategy for tub and ice machine cleaners, projecting \$75+ yearly revenue per customer
